### APPLICATION PROCEDURE

#### Review Criteria

In reviewing an application for design review approval, the Wickford Village Design Guidelines Committee shall take into account the recommendations outlined within the Brown Street, Wickford Village Design Standards & Guidelines and base its decision on the findings contained within Sec. 21-121 (d)(iv)(a-h).

3. Upon granting design review approval, the Committee or its designee shall stamp the original and two copies of all application documents, including the application form and all plans approved. The Committee and its designee has the authority to require additional copies or updated plans if design review approval is conditional upon specific changes discussed during the approval process.
4. The original stamped approved plans will remain in the file in the Department of Planning & Development and are the sole reference for all facets of the design review approval. #### **Failure to Act**

##### Automatic Approval

Nothing in this section shall be constructed to prevent the application and the Committee from mutually agreeing on an extension beyond the ninety (90) days.

Any design review approval granted by the Wickford Village Design Guidelines Committee shall expire after one (1) year, as noted in the design review approval decision, unless the applicant shall obtain the necessary building permit or proceed with construction. Upon written request and for cause shown prior to the expiration, the Committee may renew the design review approval decision for successive one (1) year periods.

##### Reconsideration of Denied Applications

Applications which have been denied may not be reconsidered for one (1) year, unless there is a substantial change in the facts, evidence, or conditions relating to the request. A new application package must be filed when resubmitting.
