We have recently set up a facility rental option on our Civicrec site. Starting March 1st you will need to go online and request your field reservations. Please set up an account on <https://secure.rec1.com/RI/north-kingstown-ri/catalog>. Once you have an account set up, under your account you can add your organization. Please only have one log on per league. Once you are set up in the system you can start to reserve your fields. Please be patient with us as we navigate this new system.

It will take some time to iron out some of the quirks but will result in a more efficient rental process and tracking system.
