

Ocean State Community Electricity

November 19, 2025

Purpose

To help North Kingstown residents and businesses manage electricity supply costs and provide options for renewable energy use.

Although savings cannot be guaranteed, these programs have historically provided savings compared to Rhode Island Energy Last Resort Service over the contract term.

How It Works

The program is being offered to the community via the town's selected consultant, Good Energy.

This program is part of a buying group that has been operating for 3 years and includes 7 Rhode Island communities.

Our Electricity Supplier

NextEra Energy Services was chosen as the electricity supplier, and will offer three supply options.

Program starts in January 2026.

Our Electricity Supplier

- 3-Year track record of successfully delivering additional, RI-based renewable energy to RI buying group, while achieving cost savings.
- Strong track record of success with Cape Light Compact in Massachusetts.
- One of the largest wholesale suppliers in New England and nationally.
- NextEra is the largest owner-operator of renewable energy in the country.

What Changes

Participation in Ocean State Community Electricity will only change the “Supply” portion of your Rhode Island Energy electricity bill.

What Stays the Same

- The “Delivery” portion of your Rhode Island Energy bill will remain the same.
- Rhode Island Energy will continue to deliver electricity, maintain poles and wires, and respond to storm outages.
- You will still pay just one bill to Rhode Island Energy.
- Anyone using budget billing or receiving low-income rate discounts will continue to receive their current benefits.
- Customers receiving net metering or other solar benefits will continue to receive their current benefits.

Options Starting January 2026

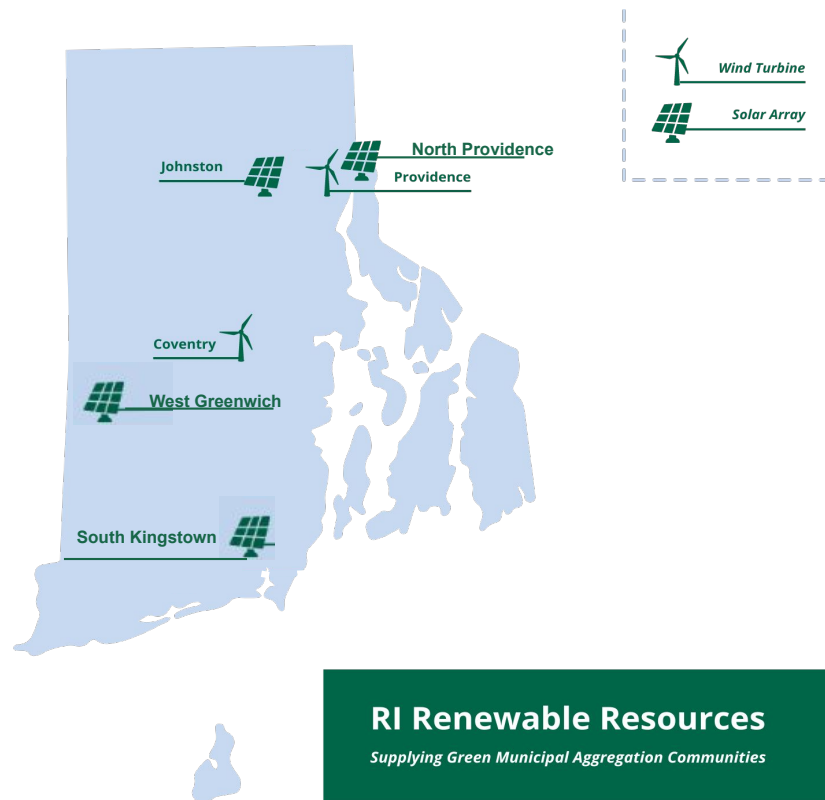

Ocean State Community Electricity			Rhode Island Energy
 Standard (for automatic enrollment)	 Basic	 Plus	 Last Resort Service
14.690 ¢/kWh Residential	14.447 ¢/kWh Residential	17.652 ¢/kWh Residential	14.770 ¢/kWh Residential
Adds 5% RI New renewable energy (46% total in 2026)	No additional renewable energy (41% total in 2026)	Adds RI New renewable energy to total 100% (100% total in 2026)	No additional renewable energy (41% total in 2026)
January until May 2026 meter read dates			October 1, 2025- March 31, 2026

Future savings compared to Rhode Island Energy Last Resort Service cannot be guaranteed.

Our Voluntary Renewables

- Come only from RI New sources, the State's term for new, in-region renewables
- From wind and solar in Rhode Island

Source: Green Energy Consumers Alliance

Participation & Enrollment

- Participation is voluntary.
- There is never any penalty or fee to opt out of the program.
- The enrollment process differs based on your current electricity supplier.

If your electricity supplier says Rhode Island Energy, then you are using Last Resort Service.

Customers on Last Resort Service

(1 of 3)

- Anyone using Rhode Island Energy Last Resort Service is eligible to be automatically enrolled in the Standard option as of their January meter read.
- These customers received a notification letter in mid-November, explaining their options.
- If an eligible customer takes no action, they will be enrolled in Standard starting on their January 2026 meter read.

Customers on Last Resort Service (2 of 3)

If eligible for automatic enrollment:

- December 13: deadline to opt-out before the program starts.
- You may opt-out at any time after December 13, and you will be returned to Rhode Island Energy Last Resort Service supply on your next meter read.
- There is never any penalty or fee to opt out of the program.

Customers on Last Resort Service

(3 of 3)

To Choose a different Ocean State option:

Fill out the online form at
OceanStateCommunityElectricity.com OR
call our supplier, NextEra Energy Services, at
(888) 880-3211

To Opt Out of the Ocean State Program:

Return the postage paid card in your
notification letter OR fill out the online form
at OceanStateCommunityElectricity.com OR
call our supplier, NextEra Energy Services, at
(888) 880-3211

Customers Using Their Own Supplier

Anyone currently using their own supplier will not receive the notification letter and will not be automatically enrolled.

These customers can voluntarily join the program, but should check with their current supplier in case their current supplier charges penalties or early termination fees.

Our Pre-Launch Awareness

In addition to the notification letter, we have spread the word through:

- Press release
- Online news blurb
- Hard copy brochures at Town Hall
- Postcard sent to all eligible customers

Questions & Support

To opt-out, change your option or proactively enroll:

- Call NextEra Energy Services at (888) 880-3211
- Fill out the enroll or opt-out form at OceanStateCommunityElectricity.com

For questions, contact the program's consultant, Good Energy:

- Fill out the contact form at OceanStateCommunityElectricity.com
- Call (401) 203-3400

Reminder: you may change your option or opt-out of the program at any time
