## Electronic Devices Policy

The North Kingstown Recreation Department looks forward to a great summer with all of our new and returning friends. With electronic devices being so prevalent today we felt it necessary to begin a policy so everyone understands **how and when** electronic devices can fit into our fun filled, action packed camp day.

Our electronics policy is designed to:

- *Encourage your children to spend more time interacting with others, playing and enjoying the outdoors.*
- *Promote socialization.*
- *Reduce the stress associated with the damage and/or loss of electronic devices.*
- *Give your children a much-needed break from the world of technology*
- *Ensure that your children will not be exposed to age-inappropriate material.*
- *Eliminate the distraction that we all experience with electronics.*

*Definition of devices shall include but is not limited to a wireless, mobile, or portable telephone and or tablet, as well as any device that allows two-way communication via radio waves. These devices shall include any device that may be used to store, record, or play auditory and/or visual information.*

We do encourage that children leave electronic devices at home. We understand that you may feel the need to send your child to camp with a cell phone so they can reach you. In order to assist, we will allow children to bring their device but if you choose to send your children to camp with their device it is to be kept in their backpacks with their other personal belongings. We recommend it goes into a case or extra bag to avoid sun damage inside their bags all day.

Recreation and playgrounds staff are not responsible for any lost or damaged items that are chosen to be brought to camp. If your child wishes to reach you, they must ask the nearest councilor for permission to use their device. Any use without permission is prohibited. If you decide no cell phone is needed, we have plenty of staff around to communicate a message to your child as well as phones that they can utilize if a call home is needed.

The possession of electronic devices by campers is a privilege, not a right. In response to student misbehavior, abuse of the privilege, or other reasonable cause, may deny or cancel the privilege of possessing an electronic device and a leader has the discretion of a write up (see interventions & responses). If you have extenuating circumstances, please discuss with recreation office 268-1540

*I have read the above electronics policies and understand what is expected from my child/children and the consequences that may be taken. These rules are set to keep playgrounds a safe fun environment for all children and staff. I have talked to my child about the electronics expectations, and we understand that these rules are for all playground locations, buses and field trips alike. If child is to receive suspension for misuse, I understand there will be no compensation for lost funds for camp and/or field trips.*
