

# T's Vault Smoothie & Juice Bar

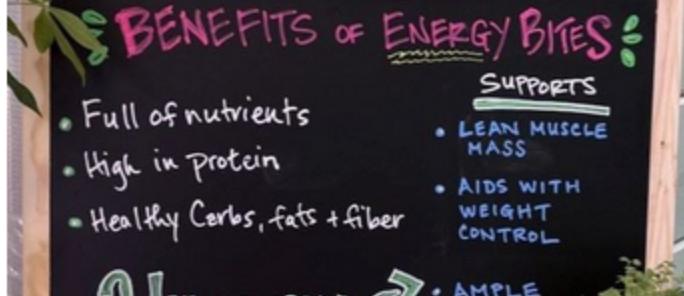

## T's Vault Smoothie & Juice Bar

As you open the door to T's Vault Smoothie & Juice Bar you're instantly greeted by delicious fruity smells, and a warm and inviting light that seems to entice you to enjoy one of T's many tropical, healthy, and delicious offerings. Combine this with vibrant and friendly staff and their eagerness to match customers with the perfect drink and what you have is a recipe for success and great summer vibes in North Kingstown!

T's Vault Smoothie & Juice Bar (of no connection to T's Restaurant), is located at 78 Gate Rd just off Post Road. This local mom & pop aims to make its mark on the community by prioritizing healthy juices, smoothies, and food items as fast-food alternatives in North Kingstown. These quick and healthy dietary treats are sure to get you back to your day expeditiously and to leave you feeling great about yourself and what you're putting into your body! This is intentional! And that's because T's, often affectionately referred to as the Vault, decided early on that they wanted to bring their passion for juicing to the North Kingstown community!

How does this differ from your average store-bought juice? You might wonder. It's simple. T's smoothies and juices use "fresh fruits and vegetables with no additional additives whatsoever. This means no water, no ice, no added flavor, sugar, or sucralose, none of that stuff you find hidden on the back of your kid's juice box."

Combine this with the Vault's stellar location and proximity to Quonset, and you can see why it has become a popular lunch destination for those employed on or near the Quonset Business Park! Beyond seeing folks in military fatigues this means serving employees from Electric Boat, Ocean State Job Lot and more!

So, whether you're the average North Kingstown-ian or a younger member of the community. A gym rat looking for that extra shot of protein powder, or a sweets connoisseur looking to satisfy a craving, T's most likely has something delicious for you! A promise T's strives to deliver on through their wonderful assortment of healthy juices & smoothies, fruit bowls, parfaits, and salads.

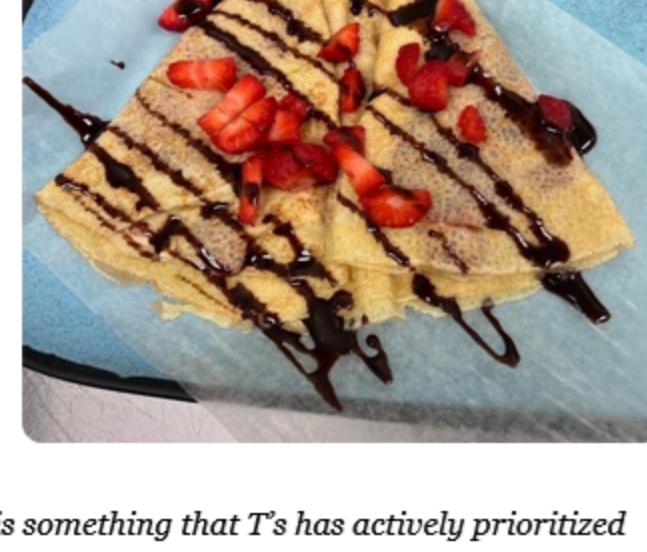

And it doesn't stop there! This committed approach also extends to the panini's, crepes, and energy bites T's makes. And means a commitment to utilizing healthy foods such as turkey and tuna along with fresh fruits and vegetables in their offerings.

Even the crepe fillings are made from scratch every morning! A fact that seems rooted in this husband-and-wife team's connections to France.

"My husband is French and so we had to do crepes!" And with delicious flavors like PB & J and Nutty Nutella we're glad they did!

Having identified a great location between Wickford and Quonset on Post Road the Vault saw what one might view as an underdeveloped plaza as the "Perfect location."

"We like the location; I feel like our business has brought a different crowd to the area, a younger crowd. We want the families; we want the kids so we can work with a younger generation to develop ourselves into the future."

This desire to foster and develop a new community in conjunction with their vision for the future is something that T's has actively prioritized since its inception, and is one of the reasons for T's success in the community today! Having two children of their own, and having endeavored to develop younger talent, T's started hiring younger community members, which often translated to part time high-school and college student help. A decision that ultimately proved brilliant! What the owners of T's found was that this younger vibrant work staff had a desire to learn and was highly trainable. What's more, this gave T's an opportunity to give back to the community through the development of practical, real world, life skills in a young and ambitious local talent pool.

The result? Is a workplace that prioritizes its employees and their real-world education and development. Whether that's how to manage and train, deal with customer relations, or handle money, T's is looking to give real, usable skills back to the community, and as a result is seen as a "great place to work." This fact is made clear during the holidays and summers, when inevitably T's finds themselves being contacted by past employees looking for summer or seasonal jobs.

This strategy of attention to the community, along with an ongoing interest in local business collaboration has been instrumental, not only in talent retention, but in the invigoration of North Kingstown as a whole. So much so that the folks at T's find themselves noticing some positive developments on Post Road!

"We've seen an influx of younger people from NK actually, and now we're seeing a lot of people coming from East Greenwich and Cranston too."

With T's welcoming ambiance, dedication to its clients and employees, and overwhelming commitment to the community, it's easy to see why the Vault has been so successful in locking down its spot in the heart of North-Kingstownians as a tropical drink and smoothie destination on Post Road!

What's more, T's Vault Smoothie & Juice Bar has an exciting, fun filled summer to look forward to! Look-out for their 1 Year Anniversary Event and some other exciting summer collaborations in the works!!

So next time you're on Post Road and find yourself with a hankering for a delicious snack without the guilt or wanting to come up with some awesome local collaboration stop in T's Vault Smoothie & Juice Bar and experience the fantastic offerings and drinks these folks so passionately make for the community.
